

MERN Stack Developer

Kashipur, Uttarakhand

PROFILE

I’m a web developer with hands-on experience from internships, skilled in building real-world projects using the MERN stack. I prefer learning by doing, and I enjoy turning ideas into practical web applications. Looking to join a team where I can keep building, learning, and improving

TECHNICAL SKILLS

- **Programming Languages:** JavaScript , Python
- **Web Technologies:** HTML5, CSS3, React.js, Tailwind CSS
- **Database:** MongoDB , MySQL
- **Tools & Platforms:** Git, VS Code, Eclipse, Postman
- **Soft Skills:** Problem-solving, Teamwork, Communication

PROJECTS

- **Eduhub**
(ReactJS, Tailwind CSS, NodeJS, ExpressJS, MongoDB, JWT, Zustand, RestAPI) [GitHub](#) | [Preview](#)
 - ✓ Developing a scalable **learning management web app** using **MERN stack** with Razorpay integration for secure payments.
 - ✓ Implementing **user authentication, course management, appointment scheduling, and real-time notifications**.
 - ✓ Aims to empower students and mentors with seamless online learning, scheduling, and payment services.
- **Reporting System for a toll Plaza**
(ReactJS, JavaScript, NodeJS, Express, MongoDB, nodemailer) [GitHub](#) | [Preview](#)
 - ✓ Built a multi-role reporting system (Admin, Project Incharge, Site Engineer) with secure JWT-based authentication.
 - ✓ Developed RESTful APIs for issue reporting, resolution, and user search functionality.
 - ✓ Integrated PDF report generation using Puppeteer with filtering options.
 - ✓ Automated report generation and email delivery using cron jobs and Nodemailer.
 - ✓ Deployed on a VPS with NGINX reverse proxy for production readiness.

EXPERIENCE

MahakaInfra E-solution Private Ltd (MEPL)

Jan 2025 - May 2025

Kashipur, Uttarakhand

Developed and deployed two full-stack web applications tailored to toll plaza operations:

- **Toll Plaza Reporting System:** Enabled issue reporting, resolution tracking, and automated PDF report generation with scheduled email delivery.
- **Employee Management System:** Built role-based access control, employee CRUD operations, and leave/task management features.
- Deployed both applications on a **Linux VPS** using **NGINX** and managed environment configurations for production.

EDUCATION

- **Bachelors of Computer Application (BCA)**

ShriRam Institute of Management & Technology (SIMT)

July 2022- June 2025
- **Diploma in Computer Application(DCAP)**

ITDA-CALC

Aug 2015 - July 2016
